university of jyväskylä

PROF. MARKO TORHELLI

Lappeenranta University of Technology

Marko Torkkeli is the Professor of Technology and Business Innovations in the Department of Industrial Management (Faculty of Technology Management) at Lappeenranta University of Technology. He received his Doctor of Science in Technology in 2002 with a dissertation (passed with honors) on strategic technology selection decisions made in groups. His research interests focus on technology and knowledge management, innovation management, strategic entrepreneurship, decision support systems and growth venturing.

His work has been published in journals and conferences in the fields of technology management, innovation management and information systems. He has more than 100 publications to his name in these fields. He has been involved in the supervision of about 30 M.Sc. theses, mostly demanding assignments for industrial companies, concerning technology management and new business development. Dr Torkkeli has also been engaged in numerous international research projects in the USA, Australia, Russia, Brazil, Canada, Japan and across Europe. He was a visiting scholar at the Wharton School of the University of Pennsylvania in 2001 - 2002. Dr Torkkeli also serves as an expert in business and technology management to both private firms and the public sector. He is a member of the Academy of Management, Strategic Management Society, and serves as Director in the International Society for Professional Innovation Management (www.ispim.org). He is a visiting researcher at Inesc Porto (Portugal), Adjunct Professor of Technology and Innovation Management at Helsinki University of Technology (Finland), and Adjunct Professor of Technology-based Business at University of Jyväskylä (Finland).
